Title of the activity: **Field Visit**

Date: 06.07.2023

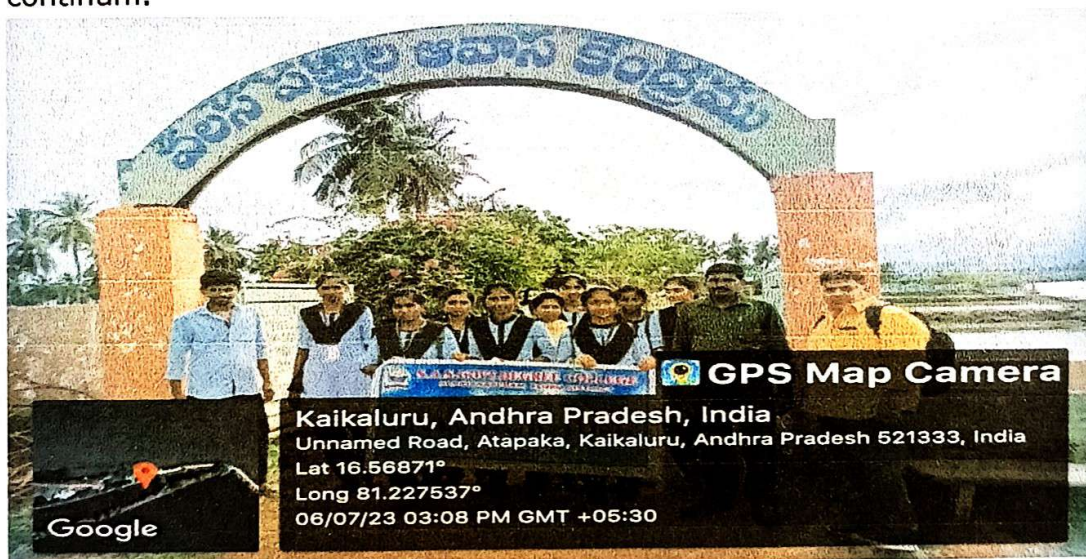

Name of the Resource person: B.Raju, Lecturer in Zoology

No. of lecturers participated: 02

No. of students participated: 30

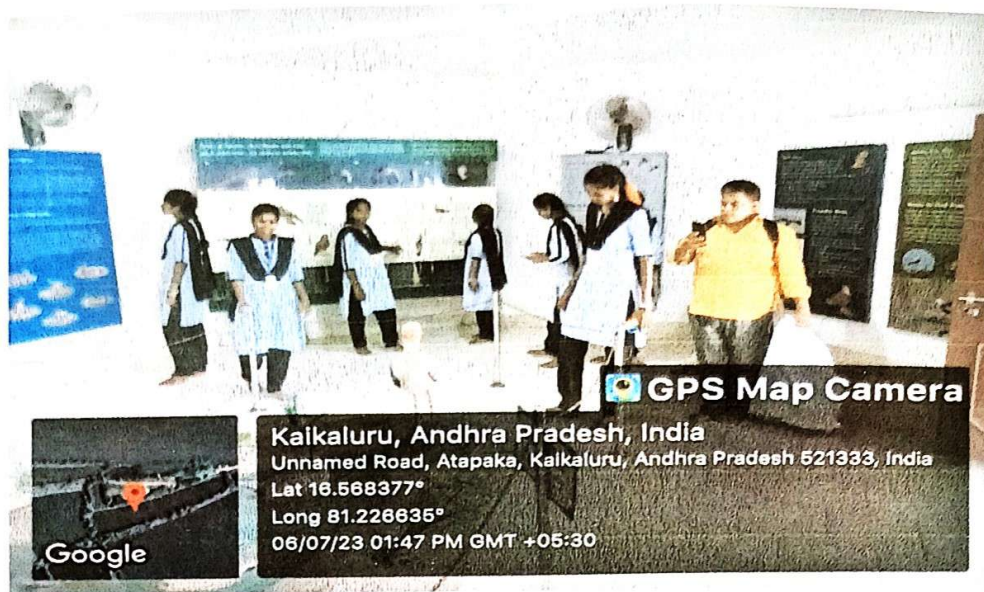

Brief report on the activity:

The Department of Zoology organised a field visit at Kolleru sanctuary on 06.07.2023. The main objective of the Field visit is to enhance knowledge on Field level in Aqua Culture. Aquaculture systems range from very extensive, through semi-intensive and highly intensive to hyper-intensive. When using this terminology the specific characterization of each system must be defined, as there are no clear distinctions and levels of intensification represent a continuum.
