## **Health Checkup**

- ***Background:***

- Medical checkups are conducted by health professionals to carry out a limited health intervention amongst the underprivileged community. The poor attend these checkups to get free treatment.

- ***Functions:***

- To create awareness and educate people about healthcare. To identify and address health issues in a community. To promote preventive healthcare and reduce the incidence of diseases.

- ***Theme:***

- Medical checkups provide free medical advice, medicine to the unfortunate people, and refer for specialized treatment or surgery whenever it is required.
