Removal and disposal of Plastic from college campus

- ***Background:***
 - International Plastic Bag Free Day is celebrated on July 3 every year. The initiative was started by the Bag Free World campaign, a global movement aiming to reduce the use of single-use plastic bags that inspired other parts of the world to participate in Plastic Bag Free Day.
- ***Why celebrate:***
 - To increase public awareness of the damaging effects that single-use plastic bags have on the environment.
- ***Theme:***
 - There is no specific theme for 2023 International Plastic Bag Free day. The significance of International Plastic Bag Free Day is to create a consciousness to take measures towards decrease the dependency on plastic bags and promoting other alternative solutions that are sustainable.
- ***Who started:***
 - The initiative was started by the Bag Free World campaign, a global movement aiming to reduce the use of single-use plastic bags. The campaign was launched in 2008 by a group of organisations and individuals concerned about the environmental impact of plastic bags.

Awareness Program on Teachers Day

- ***Definition:*** Teacher's Day is a special day for the appreciation of teachers and may include celebrations to honour them for their special contributions in a particular field area, or the community tone in education. This is the primary reason why countries celebrate this day on different dates, unlike many other International Days.
- ***Why it is celebrated:***
 - Despite all his achievements and contributions, Radhakrishnan remained a teacher throughout his life. Teachers' Day is celebrated to honour the memory of India's first Vice President and to commemorate the importance of teachers in our lives.
- ***How it is celebrated:***
 - On Teachers Day, students hold different activities to entertain teachers at schools and colleges. These activities include singing competitions, dance competitions, recitations of poems, mimicry of teachers, lots of games children play with teachers, planning a picnic, offering gifts, and at last, they thank teachers by expressing their gratitude.
 - Teachers' Day is a great occasion for celebrating and enjoying the relationship between teachers and students. So, try to meet your teachers on the day and convey your wishes. If they are far then send them a message and make their day memorable.

Campus Cleaning Campaign

- ***Background:***

- To eliminate open defecation and improve solid waste management and to create Open Defecation Free villages. The program also aims to increase awareness of menstrual health management. It is a restructured version of the Nirmal Bharat Abhiyan which was launched by the Congress in 2009 that failed to achieve its intended targets due to rampant corruption and indecisive leadership.

- ***Definition:***

- The mission was split into two: rural and urban. In rural areas "SBM - Gramin" was financed and monitored through the Ministry of Drinking Water and Sanitation. Whereas "SBM - urban" was overseen by the Ministry of Housing and Urban Affairs. The rural division has a five-tier mechanism: central, state, district, block panchayat, and gram panchayat.

- ***Theme:***

- As part of the campaign, volunteers, known as Swachhagrahis, or "Ambassadors of cleanliness", promoted the construction of toilets using a popular method called Community-Led Total Sanitation at the village level. Other activities included national real-time monitoring and updates from non-governmental organizations such as Feedback Foundation Charitable Trust.

Role of Freshers

- ***Background:***

- The purpose of fresher's Party is to welcome new students in a friendly atmosphere and to encourage their creative impulses to boost their confidence. It is the day where seniors and juniors finally bond and unite to celebrate being part of the college.

- ***Benefits:***

- Eagerness to Learn: Fresher individuals are often eager to learn and absorb new information. This enthusiasm can be infectious and can inspire others in the workplace. Adaptability: Fresher employees are often more adaptable to change and open to trying new methods and processes.

- ***Expectations from Freshers:***

- Time Management: Managing time is very important in professional life and you cannot afford to make mistakes while juggling multiple work assignments and projects. Ability to Adapt: Flexibility is another key skill employers look for in freshers as not everybody has such skills.

- ***Celebrating Freshers Day:***

- Colleges organize fresher's party every year. The main aim of this party is to give an affectionate welcome to new students. Such parties instil confidence in students and enhance their creativity. It is accompanied by so many exciting events and programs like ramp walk, traditional, fusion, and modern dances, breathtaking singing performances, and splendid decoration, thus making it a soulful experience.

Drug Free India Campaign

- ***Objective:***
 - It coordinates and oversees all aspects of drug abuse prevention including assessment of the extent of the problem, preventive action, treatment and rehabilitation of addicts, dissemination of information, and public awareness and is mandated to run de-addiction centres.
- ***Anti-drug campaign:***
 - The initiative was termed as “Nashe se Azaadi Pakhwada” and a wholehearted effort was undertaken to spread mass awareness regarding the harmful effects of drug abuse and its legal provisions.
- ***Biggest drug problem:***
 - Alcohol, cannabis, opium, and heroin are the major drugs misused in India, says the report. Buprenorphine, propoxyphene, and heroin are the most injected drugs.

Awareness Program on Plantation

- ***Why Plantation Day:***

- Plantation Day is celebrated to create the awareness that we altogether can play a vital role in protecting the environment through personal involvement.

- ***Importance:***

- Planting trees in colleges not only beautifies the campus but also provides a conducive learning environment. The presence of trees promotes fresh air circulation and helps combat air pollution, ultimately leading to improved concentration and academic performance among students.
- They provide us oxygen, filter carbon dioxide, prevent soil erosion, maintain the ecological balance and many more. Also, they provide us food, shelter and many useful things.

- ***Benefits:***

- Trees give off oxygen that we need to breathe. Trees reduce the amount of storm water runoff, which reduces erosion and pollution in our waterways and may reduce the effects of flooding. Many species of wildlife depend on trees for habitat. Trees provide food, protection, and homes for many birds and mammals.

Campus Cleaning

- ***Background:***

- To eliminate open defecation and improve solid waste management and to create Open Defecation Free villages. The program also aims to increase awareness of menstrual health management. It is a restructured version of the Nirmal Bharat Abhiyan which was launched by the Congress in 2009 that failed to achieve its intended targets due to rampant corruption and indecisive leadership.

- ***Definition:***

- The mission was split into two: rural and urban. In rural areas "SBM - Gramin" was financed and monitored through the Ministry of Drinking Water and Sanitation. Whereas "SBM - urban" was overseen by the Ministry of Housing and Urban Affairs. The rural division has a five-tier mechanism: central, state, district, block panchayat, and gram panchayat.

- ***Theme:***

- As part of the campaign, volunteers, known as Swachhagrahis, or "Ambassadors of cleanliness", promoted the construction of toilets using a popular method called Community-Led Total Sanitation at the village level. Other activities included national real-time monitoring and updates from non-governmental organizations such as Feedback Foundation Charitable Trust.

Mega Blood Donation Drive

- ***Vision:***
 - To build a community of volunteers and ambassadors that relentlessly work towards making India blood self-sufficient.
- ***Mission:***
 - To save as many lives as possible by maintaining a reliable and economical blood supply in India's remotest locations.
- ***Background***
 - Blood type is a classification of blood based on the presence and absence of antibodies and inherited antigenic substance on the surface of red blood cells. It is important to have clear information on blood groups in case of blood transfusion and related matters. It is also mandatory to have complete history of patient including the blood grouping and for the establishment and maintenance of blood banks.
- ***Analysis:***
 - The tests were performed in SAS GDC by using Span clone Anti A+, B+ and D+, (Rho) monoclonal diagnostic kit by following standard protocol. For this purpose, clean glass slides were used taking three drops of blood from each student and dropping them at different location on the slide. Cotton ball was used to stop the flow of blood if required.

Awareness Program on World AIDS Day

- ***What is AIDS:***
 - Human immunodeficiency virus (HIV) is the virus that causes acquired immunodeficiency syndrome (AIDS). When a person becomes infected with HIV, the virus attacks and weakens the immune system. As the immune system weakens, the person is at risk of getting life-threatening infections and cancers.
- ***How long people can live with AIDS:***
 - Many people living with HIV can expect to live as long as their peers who do not have HIV. Studies show that a person living with HIV has a similar life expectancy to an HIV-negative person – providing they are diagnosed in good time, have good access to medical care, and are able to adhere to their HIV treatment.
- ***Is AIDS as STD:***
 - HIV is a sexually transmitted infection, but it can progress to a disease called acquired immunodeficiency syndrome (AIDS) when HIV infection is untreated with HIV medicines. Other examples of STDs are chlamydia, gonorrhea, human papillomavirus (HPV) infection, and syphilis.
- To foster early detection of HIV infection among persons with ongoing risk for HIV
- To enhance earlier referral to prevention and treatment

International Volunteer Day

- ***Background:***

- The International Volunteer Day for Economic and Social Development was adopted by the United Nations General Assembly through Resolution A/RES/40/212 on 17 December 1985.

- ***Focus:***

- Through the years, International Volunteer Day has been used strategically: many countries have focused on volunteers' contributions to achieving the Sustainable Development Goals, a set of time-bound targets to combat poverty, hunger, disease, health, environmental degradation and gender equality.
- International Volunteer Day (IVD) celebrates active volunteers and attracts new volunteers in the North and in the South, with a special focus on promoting South-South cooperation.
- The organization of International Volunteer Day is generally the result of a partnership between the UN system, governments, volunteer-involving organizations and committed individuals. Representatives from the media or academia, foundations, the private sector, faith groups, and sports and recreational organizations are often involved too.
