In-charge of the dept.

Programme overview

The programme is intended to provide basic knowledge and technical skills in the areas of Fish Farming. The programme also aims to develop human resource in the area of Fish Farming. The knowledge imparted shall facilitate better management of Fish Farming work in scientific lines which in turn will improve their productivity and increase their revenue.

About the Programme:

Nowadays everyone is thinking of some business planning for income. Fishfarming is a convenient and competitive business. A large number of persons in India practice fish farming as a secondary business (after agriculture).

The course is designed to acquaint with the status and perspective of Fish Farming Industry and advantages of Fish farming. Objectives: The main objective of the programme is intended to:

1. Develop and strengthen Human Resource by imparting knowledge and skill in Fish Farming ;
2. Create awareness about the opportunities of employment and livelihood in Fish Farming sector; and
3. Impart basic knowledge and technical proficiency in Fish breeding, housing, management and nutrition.

Programme Structure :-

Module 1: Introduction to Fish Farming

Module 2: Fish Housing and Management

Module 3: Fish Feeds and Feeding

Module 4: Fish Health Care and Bio-security Measures Module

Job Opportunities:

1. Skilled labour in Fish Farming, Self-Employment and Entrepreneurial opportunity.
