### Awareness Program on Clean and Green

- **Definition:** The definition of green clean is to use methods and products with environmentally friendly ingredients and procedures to preserve human health and the environment.
- **Initiative:** To educate and motivate students towards tree plantation for maintaining the ecological balance and a healthier atmosphere. To encourage the authorities to form eco-clubs for providing students with practical knowledge about the various methods of nurturing their plants and environment alongside.
- **Benefits:**
  - Helps reduce pollution to our waterways.
  - Minimize the impact on ozone depletion and global climate change with fewer smog-producing chemicals.
  - Many green products also use recyclable packaging which minimizes waste.
  - To keep the college campus neat and tidy
  - To promote awareness on Cleanliness
  - To involve students in Swachh Bharat
  - To make students understand the importance of cleanliness.
