### Awareness Program on NSS Day

- **Definition:** NSS operates as a voluntary organisation, targeting young individuals enrolled in colleges, universities, and at the +2 level. Its central mission revolves around bridging the gap between educational institutions and local communities, with a special emphasis on rural areas. Since 1969, September 24 has been designated as NSS Day, commemorating its founding and mission.
- **History:** The idea of the National Service Scheme (NSS) was propagated by Major General Jagannath Rao Bhonsle. The University Grants Commission, headed by S. Radhakrishnan, officially recommended bringing voluntary national service into academic institutions. This concept was further discussed in a meeting of the Central Advisory Board of Education (CABE) in January 1950. After examining experiences from other countries, CABE recommended that students and teachers should participate in voluntary manual work.
- **Benefits:**
  - NSS Day is a special occasion to honour and celebrate the efforts of every volunteer in working towards the well-being of everyone in their community.
  - The NSS program is designed to help volunteers understand their community to foster a deep sense of responsibility for improving society. It focuses on the personal development of each volunteer through community service.

### **Awareness Program on Teachers Day**

- ***Definition:*** Teacher's Day is a special day for the appreciation of teachers and may include celebrations to honour them for their special contributions in a particular field area, or the community tone in education. This is the primary reason why countries celebrate this day on different dates, unlike many other International Days.
- ***Why it is celebrated:***
  - Despite all his achievements and contributions, Radhakrishnan remained a teacher throughout his life. Teachers' Day is celebrated to honour the memory of India's first Vice President and to commemorate the importance of teachers in our lives.
- ***How it is celebrated:***
  - On Teachers Day, students hold different activities to entertain teachers at schools and colleges. These activities include singing competitions, dance competitions, recitations of poems, mimicry of teachers, lots of games children play with teachers, planning a picnic, offering gifts, and at last, they thank teachers by expressing their gratitude.
  - Teachers' Day is a great occasion for celebrating and enjoying the relationship between teachers and students. So, try to meet your teachers on the day and convey your wishes. If they are far then send them a message and make their day memorable.
