

FIELD VISITS

2018-2019

POLAVARAM PROJECT

Title of the activity: Polavaram Education tour

Date:13-12-2018

Name of the Resource person: P.Bhaskara Rao

Purpose of the tour: To understand the present and past condition of the project Polavaram.

No.of students participated:18

Objectives:

1. Gain Insight into Infrastructure Development: The primary objective of the Polavaram Education Tour was to provide students with an opportunity to gain firsthand insight into the development of the Polavaram project. This included understanding the infrastructure involved, the engineering marvels, and the socio-economic impact of such projects on the surrounding areas.
2. Historical Context: Another objective was to delve into the historical context of the project. By exploring past conditions, students were expected to grasp the evolution of the project, the challenges faced during its conception, and the solutions implemented over time to overcome these challenges.

Outcomes:

1. Enhanced Understanding: The tour succeeded in enhancing students' understanding of the Polavaram project. By observing the project site, interacting with experts, and studying relevant materials, participants gained a deeper insight into the project's intricacies, objectives, and challenges.
2. Historical Appreciation: Participants developed a greater appreciation for the historical context of the Polavaram project. By learning about its inception, evolution, and significance in the region's development, students gained a broader perspective on the project's importance and its impact on the local communities.

Short Report:

On December 13, 2018, 18 students participated in the Polavaram Education Tour led by resource person P. Bhaskara Rao. The tour aimed to provide firsthand insight into the Polavaram project's infrastructure, historical context, and environmental impact. Throughout the tour, students observed the project's engineering marvels, learned about its historical significance, and discussed environmental concerns and mitigation measures. Overall, the tour successfully enhanced students' understanding, historical appreciation, and environmental consciousness regarding the Polavaram project.

2019-2020

GOVERNMENT DEGREE COLLEGE, GANAPAVARAM
Centenary of the Founder Sri Murthy Raju Birth Anniversary
