

Title of the activity: Y.S.R Horticulture University

S. No	Academic Year	No. of Field Trips conducted	Place of Visit	No. of students participated	Purpose of Visit
01	2022-2023	02	Y.S.R Horticulture University	30	To study the aspects of integrated Farming systems

Objectives:

1. **Advancing research in horticulture:** This includes enhancing crop productivity, developing new varieties, and improving cultivation techniques.
2. **Promoting education:** Offering undergraduate, postgraduate, and doctoral programs in horticulture to train future professionals in the field.
3. **Supporting extension services:** Disseminating knowledge and technologies to farmers and stakeholders to improve horticultural practices and livelihoods.

Outcomes:

The outcomes are usually measured by:

1. The students impact on horticultural productivity.
2. The quality of research publications that students has prepared under the guidance of lecturers.
3. The success rate of graduates in the careers of students.
4. Students got an understanding of adoption of new technologies and practices by farmers.

Short Report:

Overall, the tour successfully enhanced students' understanding on horticulture university and by undertaking a study tour, students get the opportunity to experience potential career paths. Study tours are designed to expose students to as many elements of the course as possible.

Title of the activity: Buddhist Site Jeelakarragudem

S. No	Academic Year	No. of Field Trips conducted	Place of Visit	No. of students participated	Purpose of Visit
01	2022-2023	02	Buddhist Site Jeelakarragudem	15	To study the commercial aspects of the Buddhist Monasteries

Objectives:

1. **Preservation:** To protect and conserve Buddhist relics, artifacts, and structures for future generations.
2. **Education:** To educate visitors about Buddhism, its teachings, history, and significance through interpretation, exhibitions, and guided tours.
3. **Spiritual practice:** To provide a space for Buddhist practitioners to engage in meditation, prayer, and religious ceremonies.
4. **Research:** To facilitate scholarly research on Buddhism, archaeology, and related fields through access to resources and collaboration opportunities.
5. **Tourism:** To attract tourists and pilgrims, contributing to the local economy and promoting cultural exchange.

Outcomes:

1. **Increased awareness:** More people become aware of Buddhism and its cultural heritage through their visits to the site.
2. **Cultural exchange:** Visitors from diverse backgrounds could learn about and appreciate Buddhist traditions and values.
3. **Economic benefits:** The site contributes to local economies through tourism-related spending on accommodations, dining, transportation, and souvenirs.
4. **Preservation success:** Effective conservation efforts ensure the longevity and integrity of the site's historical and cultural significance.
5. **Spiritual enrichment:** Visitors, including Buddhist practitioners, experience spiritual fulfilment and personal growth through their interactions with the site and its surroundings.

Short Report:

Buddhist Site is an intriguing destination that offers students a unique opportunity to delve into the rich history and spiritual heritage of Buddhism. This report aims to provide a concise overview of the site, tailored specifically for students interested in learning about different cultures and religions. Also, offers students a captivating journey into the heart of Buddhist culture and spirituality. Through exploration and inquiry, students can gain a deeper understanding of the profound teachings and timeless wisdom embodied in this sacred place.

Title of the activity: MRO Office

S. No	Academic Year	No. of Field Trips conducted	Place of Visit	No. of students participated	Purpose of Visit
02	2021-2022	01	MRO Office, Ungutur	13	To study the revenue system

Objectives:

1. **Revenue Administration:** Overseeing the collection of land revenue, property taxes, and other revenue-related dues in the Mandal.
2. **Land Records Management:** Maintaining accurate and up-to-date land records, including ownership details, land surveys, and mutation records.
3. **Land Tenure Reforms:** Implementing and monitoring government policies related to land tenure, land distribution, and land reforms aimed at promoting social justice and equitable distribution of land resources.

Outcomes:

1. **Improved Revenue Collection:** Efficient revenue administration leads to increased revenue collection, which can be reinvested in local development projects and infrastructure.
2. **Transparent Land Records:** Maintenance of accurate and transparent land records reduces disputes over land ownership and facilitates land transactions and development activities.
3. **Effective Land Tenure Reforms:** Implementation of land tenure reforms contributes to social and economic development by addressing landlessness, tenancy issues, and inequitable land distribution.

Short Report:

The Mandal Revenue Officer (MRO) office plays a crucial role in revenue administration, land management, disaster management, and service delivery at the Mandal level. Understanding its functions and significance provides students with valuable insights into local governance and community development efforts.

Title of the activity: MDO Office

S. No	Academic Year	No. of Field Trips conducted	Place of Visit	No. of students participated	Purpose of Visit
02	2021-2022	01	MDO Office, Ungutur	16	To study the government schemes and their implementation

Objectives:

1. **Development Planning:** Formulating and implementing development plans and strategies to address the socio-economic needs of the Mandal.
2. **Infrastructure Development:** Identifying and prioritizing infrastructure projects, such as roads, schools, healthcare facilities, and water supply systems, to improve living standards and promote economic growth.
3. **Poverty Alleviation:** Implementing poverty alleviation programs, employment generation schemes, and social welfare initiatives to uplift marginalized communities and reduce socio-economic disparities.

Outcomes:

1. **Improved Infrastructure:** Enhanced access to basic amenities and infrastructure services, leading to improved living conditions and quality of life for residents.
2. **Poverty Reduction:** Increased income opportunities, social security coverage, and access to essential services contribute to poverty reduction and socio-economic empowerment.
3. **Sustainable Development:** Adoption of sustainable practices in resource management, urban planning, and livelihood promotion fosters long-term development and resilience to environmental challenges.

Short Report:

Mandal Development Officer (MDO) office plays a pivotal role in driving development, promoting inclusivity, and enhancing governance at the Mandal level. Understanding its objectives, outcomes, and significance provides students with valuable insights into local governance, community development, and public service delivery.

Title of the activity: Prism Johnson Limited

2. **Customer Satisfaction:** SBI's commitment to customer service excellence ensures high levels of customer satisfaction through responsive service delivery, innovative products, and personalized banking solutions.
3. **Economic Growth:** SBI's role as a key lender and financial intermediary fuels economic growth by providing credit to businesses, supporting investment, and stimulating job creation and entrepreneurship.

Short Report:

The State Bank of India plays a pivotal role in India's banking and financial sector, with a focus on financial inclusion, customer service excellence, and technological innovation. Understanding its objectives, outcomes, and significance provides students with valuable insights into banking, finance, and economic development in India.

Title of the activity: Polavaram

S. No	Academic Year	No. of Field Trips conducted	Place of Visit	No. of students participated	Purpose of Visit
05	2018-2019	01	Polavaram Educational Tour	30	To study the impact of Irrigation systems on the development of Agriculture

Objective:

1. **Irrigation:** To provide irrigation water to a vast agricultural area in the Godavari delta region, enhancing agricultural productivity, and supporting rural livelihoods.
2. **Drinking Water Supply:** To meet the drinking water needs of communities residing in the project-affected areas and surrounding regions, ensuring access to safe and clean drinking water.
3. **Flood Control:** To mitigate the risk of floods in downstream areas of the Godavari River by regulating water flow and managing floodwaters during the monsoon season.

Outcomes:

1. **Agricultural Development:** The availability of irrigation water from the Polavaram project enhances agricultural production, diversification, and cropping intensity, leading to increased farm incomes and rural prosperity.
2. **Water Security:** Reliable access to irrigation water and drinking water supply improves water security for farmers, households, and industries in the project-affected areas, reducing dependence on erratic rainfall and groundwater resources.

Short Report:

The Polavaram Irrigation Project is a transformative initiative aimed at harnessing water resources for irrigation, drinking water supply, flood control, and hydroelectric power generation in the Godavari delta region. Understanding its objectives, outcomes, and significance provides students with valuable insights into water management, infrastructure development, and regional planning in India.
