## Awareness Program on Yoga

- **What is Yoga:** Yoga is a practice that connects the body, breath, and mind. It uses physical postures, breathing exercises, and meditation to improve overall health. Yoga was developed as a spiritual practice thousands of years ago.
- **Introduction:** Yoga is essentially a spiritual discipline based on an extremely subtle science, which focuses on bringing harmony between mind and body.
- **Benefits:**
  - To practice mental hygiene
  - To process emotional stability
  - To increase productivity in life
  - To attain high level of consequences
- **Importance of Yoga:**
  - Yoga improves strength, and stamina, tones muscles, builds immunity and teaches one how to live a Yogic life.
  - Yoga as a practice offers numerous benefits for physical and mental health, development and healing.
  - Yoga works wonders in reducing joint pain, and muscle or back pain.

## Awareness Program on AIDS

- ***What is AIDS:***

- Human immunodeficiency virus (HIV) is the virus that causes acquired immunodeficiency syndrome (AIDS). When a person becomes infected with HIV, the virus attacks and weakens the immune system. As the immune system weakens, the person is at risk of getting life-threatening infections and cancers.

- ***How long people can live with AIDS:***

- Many people living with HIV can expect to live as long as their peers who do not have HIV. Studies show that a person living with HIV has a similar life expectancy to an HIV-negative person – providing they are diagnosed in good time, have good access to medical care, and are able to adhere to their HIV treatment.

- ***Is AIDS as STD:***

- HIV is a sexually transmitted infection, but it can progress to a disease called acquired immunodeficiency syndrome (AIDS) when HIV infection is untreated with HIV medicines. Other examples of STDs are chlamydia, gonorrhea, human papillomavirus (HPV) infection, and syphilis.
- To foster early detection of HIV infection among persons with ongoing risk for HIV
- To enhance earlier referral to prevention and treatment

WOMEN EMPOWERMNET CELL

2018-19

ACTIVITY -1

Event Title: Health and Hygiene Orientation Program

Date: July 28, 2018

Name of the Resource Person: Dr. Vidya Rani

Participants:

Lecturers: 4

Students: 42

DETAILED REPORT:

On July 28, 2018, the Women Empowerment Cell of SAS Govt Degree College, Narayanapuram, took a proactive step towards promoting well-being and personal hygiene by organizing an insightful orientation program on health and hygiene. The event, which saw the participation of both faculty members and students, aimed to educate and empower individuals to adopt healthy habits and maintain proper hygiene practices.

The orientation program commenced with a warm welcome extended to all attendees, setting a positive tone for the session ahead. With the guidance of the resource person participants embarked on a journey of self-discovery and enlightenment regarding various aspects of health and hygiene.

The resource person, drawing upon their expertise in the field, delivered an engaging and informative presentation encompassing topics such as the importance of nutrition, the significance of personal hygiene, and the prevention of common ailments. Through interactive discussions, practical demonstrations, and real-life examples, participants gained valuable insights into the impact of health and hygiene on their overall well-being.

Faculty members actively participated in the discussions, sharing their experiences and knowledge to enrich the learning experience for students. The collaborative atmosphere

fostered open communication and the exchange of ideas, creating a conducive environment for learning and growth.

Furthermore, the orientation program served as a platform to dispel myths and misconceptions surrounding health and hygiene, empowering participants to make informed decisions regarding their lifestyle choices and habits. Practical tips and strategies were shared to help individuals incorporate healthy practices into their daily routines, thereby promoting longevity and vitality.

As the session concluded, participants departed with a renewed sense of awareness and commitment to prioritize their health and hygiene. The orientation program, organized by the Women Empowerment Cell, proved to be a significant step towards fostering a culture of well-being and empowerment within the college community.

In conclusion, the Health and Hygiene Orientation Program was a resounding success, leaving a lasting impact on all attendees and paving the way for a healthier and more empowered future.

**“THERE MAY BE PEOPLE THAT HAVE MORE TALENT THAN YOU,  
BUT THERE'S NO EXCUSE FOR ANYONE TO WORK HARDER THAN  
YOU DO.”**

“The institute provides ample avenues for the development and nurturing of creative and other talents in the students through department of physical education. The prime bodies under physical education is activity centre and GYM, which provide avenues for various sports events, indoor and out outdoor games. Students are also encouraged and facilitated to take part in similar events in other institution the prime objective of inducting games and sports in our institution of repute is to provide ample facilities to the students to pursue at least one game of his/her choice and attain proficiency, derive and relax through this healthy medium, enabling competitive world of today.”

## **Why is physical education important for youth?**

Research shows that increasing circulation and blood flow to the brain can improve concentration and performance.

1. Teach youth the health benefits and importance of regular physical activity
2. Help youth develop the knowledge, attitudes, and skills they need to adopt and maintain a physically active life style.

## **Benefits of Physical Activity for Students**

**Regular physical activity can help adolescents:-**

- ✓ Sports help in the all-round development of human personality.
- ✓ Improve cardio respiratory fitness
- ✓ Stronger bones. Children need to exercise to avoid losing bone density through inactivity.
- ✓ Reduced risk of becoming overweight or obese
- ✓ Reduced risk of Type 2 diabetes.
- ✓ Lower blood pressure.
- ✓ A healthier heart.
- ✓ Reduced risk of cancer.
- ✓ Better emotional health.
- ✓ More energy
- ✓ Reduce symptoms of anxiety and depression.

## **"EXERCISE TO STIMULcate, NOT TO ANNIHILATE"**

### **Tips to exercise safely:-**

Exercising regularly has wide-ranging physical emotional and social health benefits. You need to exercise safely to remain health and injury-free. If it's safe and painless, you're more likely to stick to it! Safety is about using common sense, understanding basic techniques and listening to your body.

### **Here are some tips to stay safe and injury-free:**

- **Be aware of your body.** Think about how the particular exercise is making you feel.. If something doesn't feel right, stop immediately and seek medical advice.
- **Warm up and cool down.** Try slow stretches and go through the motions of your sport or activity before starting, cool down with slow stretching.
- **Pace yourself.** Have at least one recovery day experiencing, rest until the pain has gone.
- **Mix it up.** Try other sports and exercises to reduce the risk of overtraining.
- **Strap or tape.** If a joint is prone to injury, consider strapping or taping it before exercising. Even better, see an exercising physiologist or physiotherapist to abstain a program to strengthen the injured area and get advice on proper taping techniques.
- **Stay hydrated.** You can lose around one and a half litres of fluid for every hour of exercise: so, drink water before, during and after a session.
- **Be weather aware.** Take it easier in hot weather and wear clothing and sunscreen to protect yourself from the elements.
- **Do it Right.** Try to get the technique right from the beginning to ensure you are using your muscles correctly.
- **Check your gear:** Make sure your shoes and equipment fit properly and are right for the activity. Look after your equipment and check it regularly for safety.

Marker/ ground man	1	1	0

## STRENGTHS

- Maximum utilization of the limited and available resources.
- Use of computer and inter facilities for administrative work.
- Providing information to the college students by use of other net service regarding games and sports.
- Students make use of indoor games facilities like Carrom, Chess and Chinese Checkers in the Department of Physical Education.
- Students make use of outdoor games facilities like Badminton, KHO KHO, Kabaddi, Volley Ball and Throw ball.
- The department has well equipped gym with fitness equipment free for all students.

## **WEAKNESSES**

- Lack of ground for laying out running track for carrying out athletic events.
- Insufficient playground for improving the infrastructure facilities in the games and sports
- There is only one post of physical director for entire student strength.
- There is no supporting staff for laying out of courts and maintenance of play grounds.
- Since participation in physical education, games and sports activities is optional there is lack of seriousness among the students.
- Nutrition and diet play a major role in performance in games and sports activities, almost all the students come from the rural background and lower income group and hence there is a hindrance.

## CONSTRAINTS

- After the college timing being 9.30 am to 4.00pm most of the students coming from nearby village are generally in a hurry to catch their buses to reach their homes, hence very few are taking part in games and sports with real competitive spirit.
- The college has for further laying out of play grounds.
- The sports culture at the junior college level is almost nil due to lack of development of physical education staff in junior colleges, who from the major source of admissions to our college.
- The age and physiological growth of women coming from rural areas is also inhibiting them from taking part in game and sports.
- Most of the students take part in the games and sports only for time pass and recreational purpose. Hence the process of preparation of teams is rather more difficult in most of the games.
- For better performance in games and sports the students need a very good balanced diet which they can neither afford nor be provided by the college for training.

## **OPPORTUNITIES**

- ✓ The department plays a major role providing the available infrastructure free of cost to the students.
- ✓ The students who show interest in activities of physical education inclusive of games and sports are given special guidance.
- ✓ The students who are good in sports and games are encouraged to take up professional courses in physical education like U.G.D.P.Ed and B.P.Ed.
- ✓ The students who have good physique and physical fitness are encouraged to take up career in department of home probation & excise, railways, CSIF,BSF, Soldier in defence services. Training in physical events to be qualified is also given.
- ✓ The college being affiliated to Adikavi Nannayya University sends players in various games and sports to take part in university team selections.
